

Ravi Prakash Pandey

Applied AI/ML Engineer | Data Scientist | Consultant
WORK EXPERIENCE

PROFILE SUMMARY

- B.Tech in Computer Science with 03+ years of experience.
- Specializes in Data Science, Web Development, Python, Machine Learning, NLP & AI.
- Proven track record as Tech Leads, Manager, and Developer.
- Expertise in delivering high-impact solutions.
- Seeking challenging roles in Data Science, Web Development, and AI.
- Aims to leverage skills and make a significant contribution.

Education

Dr. APJ Abdul Kalam Technical University, Lucknow

Bachelor of Technology (B.Tech) in Computer Science & Engineering
2018 - 2022

Vikas Intermediate College, Siddhartha Nagar

Senior Secondary (12TH) in 2017 - 2018
Secondary (10TH) in 2015 - 2016

CERTIFICATIONS

Machine Learning with Python by IBM | Data Analysis with Python by IBM | Python Project for Data Science by IBM | Data Visualization with Python | Applied Data Science Capstone | Python Certified | Web Development by PW Skills

Manager – L&D and Consulting | SkillzRevo Solutions Pvt Ltd.

Dec 2025 - Ongoing

- Lead internal product development initiatives for digital training platforms and talent solutions, managing the lifecycle from requirement gathering to execution and deployment.
- Drive website strategy and management, including design improvements, content optimization, structural enhancements, and brand alignment.
- Monitor and analyse key business and product KPIs to improve engagement, operational efficiency, and overall impact.
- Conducted research and POCs on emerging AI/ML and GenAI technologies.
- Designed and implemented data science and machine learning solutions for real-world business use cases.
- Performed data preprocessing, data wrangling, and exploratory data analysis (EDA) using Python and SQL.
- Built and optimized machine learning models (supervised & unsupervised) for predictive analytics.
- Applied NLP techniques including text preprocessing, classification, and sentiment analysis.
- Lead end-to-end training programs in AI, NLP, GenAI, Cloud Computing, and related emerging technologies, ensuring high-quality delivery and measurable learning outcomes.

IT Support & Web Developer | AK Technologies

Jan 2025 - Ongoing

- Developed and maintained end-to-end websites, implementing responsive and user-friendly interfaces for seamless navigation.
- Built and customized UI layouts, optimized performance, and ensured device compatibility to enhance user experience and overall website functionality.
- Configured domain, hosting, and ensured website security, backups, and performance monitoring.
- Implemented SEO best practices and integrated analytics tools to improve search visibility and track performance.
- Handled social media management including content planning, posting strategy, audience engagement, and brand consistency.

Assistant Manager | Emerging India Analytics

June 2023 - Aug 2025

- Designed and developed end-to-end web applications and training platforms, from requirement gathering to deployment.
- Built responsive and scalable websites using HTML, CSS, JavaScript, and modern frameworks, ensuring optimal performance and user experience.
- Managed complete lifecycle including UI/UX design, development, testing, deployment, and maintenance.
- Collaborated with SEO, graphic design, and web development teams to streamline training operations and improve program quality.
- Led and developed data science and analytics curriculum covering Python, Statistics, SQL, Machine Learning, Deep Learning, AI, Tableau, and PowerBI concepts.
- Conducted hands-on training sessions, guided project work, and built dashboards/reports for instructional and internal analysis.

TECHNICAL SKILLS

AI & Machine Learning: NumPy, Pandas, Statistics, ML, DL, NLP, and AI

Languages: Python (Core + Data-focused programming)

Web Technologies: HTML, CSS, JavaScript, Tailwind, Bootstrap, ReactJS, NextJS, Flask & Django

Database Systems & AI Tech: SQL, MySQL, SQLite, MongoDB, PostgreSQL

AI & Coding: ChatGPT, Gemini AI, Claude AI, Lovable AI, Replit AI

Version Control & OS: Git, GitHub (for project management and versioning), Windows, & Linux

Specialized Area: Data Analytics & Data Mining, Automation, Model Building, Reporting & Dashboards, Requirement Analysis, Web Development, Excel, Power BI, Google Colab, VS Code

Soft Skills: Leadership, Adaptability, Communication, Team Collaboration
